Our facilities

 **01952 - 882210**

The Birchmeadow Centre offers a range of rooms for a range of different purposes. If a licensed bar is needed, we can provide two of them, along with our own experienced staff. We can provide draught "real ale" or higher quality wines if required.

Thanks to the fact that our user-groups include our local Cinema, BroADS, and Broadplace, users can have access to a wide range of equipment for use in running presentations, teaching & training, and entertainments & parties.

We hold licences for live music and other performers, and have links to a number of local bands and musicians, of varying styles. Our licences include one to show films free.

Of prime importance, we have lots of parking, with space to each side of the building.

Events can take up to 150 people.

There is a small kitchen area that can be used for providing light refreshments.

Users are permitted to use their own decorations in the two hall areas - and to take them down of course.

Wheelchair friendly & disabled toilet.
